

PRODUCT PROFILE

**EMERALD HIGH FOAM
WASHING POWDER**

TECHNICAL DATA

DESCRIPTION

Emerald High Foam Washing Powder is an economic high foam washing powder developed for hand and machine-wash applications. Emerald High Foam Washing Powder has been formulated with an optimum balance between efficiency and cost. High foam wetting agents and good soil suspension properties ensure quality results.

Emerald High Foam Washing Powder has been formulated for use in a household- and industrial applications.

APPLICATION PROCEDURE

Top Loader:

Light Soil:

Use two (2) tablespoons Emerald High Foam Washing Powder per 6kg load.

Medium Soil:

Use three (3) tablespoons Emerald High Foam Washing Powder per 6kg load.

Heavy Soil:

Use four (4) tablespoons Emerald High Foam Washing Powder per 6kg load. Remove stains and heavy grime by pre-soaking in StainWay.

Hand Wash:

Light Soil:

Use three (3) tablespoons Emerald High Foam Washing Powder per 6kg load.
