

PRODUCT PROFILE

LEMON DROPS

TECHNICAL DATA

PRIMARY APPLICATION

Lemon Drops has been formulated for use as a rinsing aid in both industrial and domestic automatic dishwashing machines. The product's excellent wetting and fast evaporating properties ensure streak-free results.

APPLICATION PROCEDURE

Lemon Drops can be applied through a venturi system into the rinsing water or by simply adding Lemon Drops to the rinse water.

Concentrations:

Dilute Lemon Drops to between 1 and 2% (1 to 2 parts on 100 parts water).

Refer to the MSDS for the safety and handling precautions.

KEEP OUT OF REACH OF CHILDREN.
